### IMPORTANT INFORMATION

Fire extinguishers must  
always be to hand when hot  
work is being carried out!

### Accidents and first aid

- You have the option of treating minor injuries yourself, using the first aid kit located nearby.
- If the injury or illness requires medical attention, you or your colleagues may make use of our first-aid post / our works physician.

### Hazardous substances

When handling hazardous substances, the applicable regulations of the Ordinance on Hazardous Substances (GefStoffV) and the relevant hazard warnings and safety advice must be observed.

### Waste

All employees are responsible for ensuring that any waste they produce is collected for disposal. It must be ensured that all waste is correctly sorted.

### Noise

The Occupational Safety and Health Ordinance on Noise and Vibrations (LärmVibrations-ArbSchuV) must be observed.

### Please observe these safety instructions:

- While you are on the company site, you will be supervised by a supervisor or a contact person. This person is there to answer all your questions.
- You may only enter those areas of the site in which you are to work and for which you have specific instructions.
- Please observe the traffic signs! On our site, the rules of the German highway code and a maximum speed of 20 km/h apply.
- No electric heaters, radio/TV equipment, camera phones, cameras, video cameras, hazardous objects or interference-causing equipment are permitted.
- Photography and video filming are prohibited on the company site.
- No objects (including data files, documents, drawings, etc.) may be removed from the business premises, reproduced or made available to unauthorized parties without the authorization of the supervisor.
- You are obliged to treat all company and business secrets with confidentiality, both during and after your visit.
- Smoking is only permitted in the designated smoking areas outside buildings.
- The consumption of alcohol and other intoxicating substances is not permitted on the site, including during breaks.
- Children are not permitted to enter the company site. Parents are liable for their children.
